Dear Aleksandr,

We are excited to present you with an offer of Internship for the position of **Intern DevOps Engineer** in Mirantis Armenia. This Internship will help you learn how the world of containers works and get to know the company from inside. Internship program is focused on the professional education under skilled mentors' control and it helps to receive feedback at all education and working stages to identify the development areas. As a result, you'll be taking part in real projects, you'll identify areas of interest and approve yourself, get to know the company better and land a permanent job.

Your responsibilities include in particular:

- Plan and deploy infrastructure on top of Mirantis cloud solutions;
- Migrate infrastructure services into K8s;
- Continuously propose and implement solutions for infrastructure improvements;
- Monitor and operate development/staging/production environments;
- Perform technical demo and knowledge sharing sessions with customer;
- Work with geographically distributed international teams on technical challenges and process improvements;
- Contribute to Mirantis DevOps knowledge base;
- Continuously improve tooling and technologies set;
- Participate in issues troubleshooting and investigation on different environments.

The working environment supposes 20 working hours per week with a non-fixed schedule.

You will be reporting to **Roman Kuzmin**, DevOps Engineer.

Your compensation for the position will be as follows:

- Your salary (stipend) of **\$300 gross** during the Internship paid monthly

**Holidays, vacation and sick-leave**

- Our company functions according to the official holidays in your country.
- Vacation days and sick-leaves are not paid during the internship.

*The employer reserves the right to itself to check up details of your background and references given by you. This job offer is under of subsequent condition and void in case of unsatisfied results of the possible check up details of your background and references given by you.*

Your first day of employment is to be agreed.

I am looking forward to your joining the Mirantis team and hope for a long-term fruitful cooperation.

Please, indicate your acceptance by signing below. We'll appreciate your signing this offer before August 20, 2023.
