@ illialoo99@gmail.com

Lviv, Ukraine

SUMMARY

Reliable Intern studying **DevOps** tools seeks an internship opportunity to expand skills and gain valuable real-world experience. Since childhood, I like technologies and everything related to them. I've been using Linux systems for several years just-for-fun and started programming under them, so I have strong knowledge of how the system working and can solve any problem.

EDUCATION

LKKEiP

College

09/2021 - Ongoing Lviv, Ukraine

- Foremost, I attended this college to find new acquaintances and learn something new, which will allow me to be qualified specialist.
